

# Project Grand Tortue HOOK UP

## SÉNÉGAL

### THE PROJECT IN SHORT :

- ✓ **FIELD OF ACTIVITY :**  
Grand Tortue Ahmeyim (GTA) - construction of a liquefied gas loading dock off Senegal and Mauritania
- ✓ **MATERIAL :**  
Delivery of measuring equipment - supply areas Europe / USA / Asia
- ✓ **DELIVERY :**
  - 8 batches
  - 58 items
  - 6 weeks

### THE PROBLEM :

**Context :** within the framework of the Great Ahmeyim Turtle off the coast of Senegal and Mauritania, with **the construction of a liquefied gas loading dock.**

#### Mission:

Our client asked us for **various measuring materials for its construction site, with the certificates of conformity.**

The difficulty consisted in gathering a large quantity of material in an extremely short time.

### OUR SOLUTION :

To satisfy our customer and regulatory obligations, we have :

- **Obtained calibration certificates** from each supplier for each instrument;
- **Ensured proper packaging** for the measuring instruments to travel safely;
- **Made multiple shipments** to ensure that the goods arrived at their destination as quickly as possible;
- **Reported weekly to our customer** on the progress of each item through weekly progress.
